Joe,

I don't know how to begin to tell you what I have meant and still mean to me.

I've learned a lot more about you this school year and I've learned to like you a lot more than I would have if a few things hadn't happened; I think you know the few things I have in mind.

I will never forget all the good times we've had together as well as the bad times. I feel like I will remember the good better and longer than the bad. Such as at the football games New year's Dance (uh!) Macon and your "fresh air" and there are many others' experiences I'll never forget. Also, another time I will never forget is December 18, 1964. Remember?

You have really been a part of my school these last few months. In fact maybe the "most important" part. I have really enjoyed your being a part. There have been a couple of times when maybe I didn't think so and when you didn't think so, but I guess that's what you get for thinking, when you're not used to it. Right?

Really Joe, you do mean a lot to me and you always will. I enjoy your company very much! You're one of the sweetest and nicest boys around. Stay that way and you'll always walk in sunshine. May God Bless and keep you, when I can not!

Love ya always!
